Consultations with local partners and stakeholders

Volunteer Training

Field Visit

The volunteers for ASER started the assessment from the early morning. There were few wards in Barahtal Rural Municipality of Surkhet which were remote where volunteers had to walk 2 to 3 hours to reach the village. Volunteers are assessing children in the village.

SHARING COMMUNITY REPORT

A community report sharing was organized on the last day of the field visit where volunteers together with ASER team prepared a brief report on ASER and the findings from the ASER were shared to the community leaders and stakeholders.

Volunteers compiling the survey data for instant community reporting.

ASER Nepal's Director Mr. Rajib Timalisina sharing findings of learning assessment to the community leaders and volunteers.

And that's a wrap of the ASER process in Surkhet with a group photo with volunteers.

ALLIANCE PARTNER MEETING

The ASER team organized a consultation meeting with the local alliance partners in the Karnali Region. Representatives from Mid-western University (Surkhet), KIRDAC (Karnali Integrated Rural Development & Research Centre; Oda Foundation, EDSEN Nepal, *Tanneri Chaso* Surkhet, Riti Foundation/Karnali Mahotsav, Community Development Program CDP Surkhet, WAM (Women Civil Society Alliance). The consultation resulted in formation of ASER Karnali, the commitment and interest among alliance partners to support ASER and to advocate for quality education in the region.

ASER IN MEDIA

Various local media in Karnali Province captured the ASER conducted in Surkhet and the alliance partner meeting.
